PEL and TPG are valuable investors / partners of the Shriram group. Both PEL and TPG are evaluating the feasibility of selling their respective shareholding in SCL. We understand that PEL's evaluation of exit from SCL is a part of its long-term strategy to fund growth of its financial services business. TPG's evaluation of an exit from SCL is consistent with its investment review practices, and takes into account, among other factors, the period of time TPG has been invested in SCL.
